Re. My SEC Complaint can help President Trump and Republican Senators with a counter attack to the Impeachment Trial.

Dear Senator Graham,

I last reached out to you in a letter dated October 16, 2020 (enclosed). My purpose in doing so was to assist President Trump in countering the ongoing attack on him by the Democratic Party leadership and the fake news media. Please review the enclosed letter to President Trump dated February 4, 2021 and documents. I would very much like to discuss all of this with you, and would also appreciate it if you would kindly pass this information on to President Trump and his legal counsel.

I believe this information and proposal can assist President Trump, his legal counsel and Republican senators charged with defending him to counter the Unconstitutional, partisan Impeachment trial. Please call me, or have one of your staff call me to discuss this urgent matter.

Sincerely Yours,

Mark L. Nelson
