RE: "HOW LAURA INGRAHAM AND A VETERAN HELPED PRESIDENT TRUMP  
SAVE THE AMERICAN REPUBLIC, AND MADE HISTORY.

Dear Ms Ingraham,

What I am about to tell you can change the course of American history, if you act on it.

As of this date I am very hopeful that President Trump will win re-election and the Republican Senate majority will be preserved. If that happens the Leftist Democratic Party, the "fake news" media including "big tech", and certain anti-Trump Republicans will contest the election results as they did since 2016 and continue their war of attrition on President Trump, the Republican Senate majority, and our Constitutional Republic.

As discussed in detail in my enclosed October 23, 2020 letter to you with numerous exhibits, I am in a unique position as a "Witness/Whistle Blower for the United States Securities & Exchange Commission (SEC), at the request of the SEC against Democrat billionaire Warren Buffett for concealing a now \$36 billion to \$100 billion liability, Buffett's entire Board of Directors including Bill Gates and NBC CEO Stephen Burke for failing to correct the concealment of liability, the Democratic Party leadership including Nancy Pelosi, Maxine Waters, "AOC", Ayanna Pressley, Elizabeth Warren, Bernie Sanders and Eric Swalwell for protecting Buffett from justice, and the "fake news" media including the AP, Reuters and NBC whose CEO Stephen Burke serves on Buffett's Board, for a "Cover-Up.

The \$36 billion liability incurred by Buffett and his subsidiary the Lubrizol Corporation is owed to my company, Polar Molecular Holding Corporation for lost net income due to Lubrizol's theft of our Duralt environmental Technology. As a fiduciary of our company I have gone to great lengths to recover these damages, including the filing of the SEC Complaint against Buffett, "et al" for failure to disclose, and a Federal Trade Commission (FTC) Complaint that I filed against Lubrizol for violations of federal trade law in their attacks on our company, and theft of our Duralt Technology. During my efforts to recover these enormous damages I contacted in well

documented written communications numerous Democratic politicians with oversight of the FTC and SEC only to learn they are phonies who will not enforce federal law against Buffett and his subsidiary Lubrizol. I also discovered to my dismay that certain “establishment Republicans” would not lift a finger to help President Trump. In fact if the disappeared Biden documents Tucker Carlson is talking about were sent by Fed Ex we should talk about my numerous written communications with Fed Ex’s Founder Fred Smith concerning breeches of security of my confidential SEC/FTC information.

Accordingly I can help the President and the Republican Senate majority launch a explosive a effective counter attack and put the leftist opposition on the defensive.

All of this is covered in detail in the enclosed letter to you from me dated October 23, 2020 and exhibits including my Confidential November 12, 2019 letter and attached exhibits to the President emailed to him on November 13, 2019 announcing that I was a Whistle Blower for the SEC against Buffett, “et al and now a WhistleBlower for President Trump to launch a “Counter Inquiry” against the partisan, retaliatory “impeachment inquiry”,and prevent it from succeeding.

Unfortunately, President Trump didn’t see the letter and exhibits and the full house voted along party lines for two Articles of Impeachment, Obstruction of Congress and Abuse of Power, but Buffett, “et al” did, and a potentially lethal VA medical retaliation was launched against me. (I am a Viet Nam veteran with a 50% disability.) The Senate acquitted the President but the damage to his reputation was done. The Left then incredibly blamed President Trump for the Chinese Communist Party virus and launched the campaign to defeat him in the 2020 national election.

What happened after the “hacking” of my November 13 email attaching the Confidential letter to the President is discussed in detail in my October 23, 2020 letter to you.:

Please review all of this and contact me asap to discuss next steps. The most secure phone number is 1-517-974-5524. Don’t email, it’s not secure.

Sincerely Yours,

Mark L. Nelson
