RE: "HOW TUCKER CARLSON AND A VETERAN HELPED PRESIDENT TRUMP
SAVE THE AMERICAN REPUBLIC, AND MADE HISTORY. THE MYSTERIOUS
DISAPPEARANCE OF THE BIDEN DOCUMENTS BEING SENT TO LA".

Dear Mr. Carlson,

What I am about to tell you can change the course of American history, if you act on it.

As of this date I am very hopeful that President Trump will win re-election and the Republican Senate majority will be preserved. If that happens the Leftist Democratic Party, the "fake news" media including "big tech", and certain anti-Trump Republicans will contest the election results as they did since 2016 and continue their war of attrition on President Trump, the Republican Senate majority, and our Constitutional Republic.

Yesterday you broke a bombshell story about the mysterious disappearance of a trove of damning Biden documents that you requested by text be sent to you in LA where you were preparing to interview Tony Bobulinski. When I watched your televised account of what happened to the Biden documents I realized that the answer to the mystery of what happened may intersect with my efforts as a Whistle Blower for the SEC against Warren Buffett, the Democratic Leadership and the "fake news" media to help President Trump launch a counter attack against the Democratic leadership and the "fake news" media, as described to you in my October 13, 2020 letter with numerous documents.

My package to you was delivered to you at Fox News at 400 N. Capitol Street N.W. by Federal Express on Friday 10/16/2020 at 9:58 am. The tracking number (397880386130) and tracking confirmation is enclosed. You will note that a second package was sent by Federal Express to Sean Hannity at Fox News in New York at 1211 Avenue of the Americas, 18th Floor New York, NY 10036, and delivered on 10/16/2020 at 9:27 am. The tracking number is 397880487985 and the tracking information is enclosed.

If the overnight carrier that lost the Biden documents right out of the package was FedEx I may be able to shed some light on this "mystery". How in hell could the package be opened while in the care and keeping of FedEx and the Biden documents simply disappear. From your reaction on television I could tell that was the question you are dealing with. This may be the plausible but controversial answer. Fed Ex "disappeared" the Biden documents deliberately because of the explosive nature of the evidence against Joe Biden contained in the documents just a few days before the national election.

If indeed it was FedEx that was the shipper of your overnight package I can offer some very relevant information for "Motive", if not, you are likely left with a more difficult theory to prove. In the event that it was UPS there is still a theory for motive, but less arguable.

Assuming FedEx was the shipper that lost the Biden documents right out of your package, perhaps you should focus on Fred Smith the CEO and founder, and Zane Hill his head of security for FedEx, or his assistant Chris Locke. Beginning in August of 2019 I had numerous communications with all three concerning a confidentially breach at FedEx in Highlands Ranch, Colorado of my confidential information.

The confidential information was related to my role as a SEC Whistle Blower against Warren Buffett, "et al", the Democratic leadership including Nancy Pelosi and Maxine Waters who protected Buffett from justice, and the "fake news", including NBC for a Cover Up. NBC's then CEO Stephen Burke serves on Buffett's Board of Directors.

The breach of my confidential information against Buffett, "et al" was never solved and requests I made of Fred Smith to help me reach out to Republican senators with oversight of the SEC to help President Trump conduct a "counter Inquiry" to the partisan impeachment inquiry, and to assist me in contacting Attorney General William Barr for a investigation of the criminal violations, were both rejected as "not in FedEx's interests."

It turns out that Fred Smith is a "Bush Republican". You know, the Republicans that are supporting Joe Biden and Kamala Harris. This is a strong theory for "MOTIVE" in the mysterious disappearance of the "damming" Biden documents.

Add in that Warren Buffett is targeted by my SEC Complaint and the fact that Buffett is rumored to be considering a acquisition of FedEx and more motive comes into play. Now, add in the fact that Fred Smith is very critical of the President's Chinese trade policy because FedEx wants a piece of that market, you know, the China that Biden is reputed to have big business dealings in. This is also the "electric car" Joe Biden who wants zero emissions and a phase out of fossil fuels.

. By the way, Buffett is very critical of the President's China trade policy as he is a investor in a Chinese electric car company. It is also noteworthy that the Vice President of Lobbying for Comcast put on a \$21 million dinner for Biden the day he announced. NBC is owned by Comcast. NBC's Chairman until August 14, 2020, Stephen Burke serves on Buffett's Board of Directors.

Does any of this sound like the “old boys club” mired in the swamp that President Trump is draining?? Now, back to the mysterious disappearance of the Biden documents. I am enclosing a series of letters to Fred Smith and some disengenuous responses of FedEx VP James Ferguson. If you read the letters you may find evidence of “motive” for your disappearing documents. If FedEx is the carrier Fred Smith would not want to see your evidence against Biden to be publicized. If FedEx is not the overnight carrier, Fred Smith would not want the evidence against Biden publicized for all the above reasons.

The following letters to Fed Ex from me, and FedEx to me are enclosed:

- 1). August 26, 2019, Mark Nelson to Fred Smith.
- 2). December 19, 2019, Mark Nelson to Fred Smith.
- 3). January 6, 2020, Mark Nelson to Fred Smith
- 4) January 9, 2020, James Ferguson of FedEx to Mark Nelson
- 5). March 3, 2020, Mark Nelson to Fred Smith
- 6). March 12, 2020, James Ferguson to Mark Nelson

Even if FedEx was not the overnight carrier (Buffett owns stock in UPS) this is a important story now and after the election on November 3rd.

Please also review my letter to you dated October 13, 2020. In the event you can't locate it I have enclosed another copy. Please call me to discuss at your earliest convenience. (1-517-974-5524. The 720-765-7646 number to my Apple iphone below is compromised. Also email is compromised)

I look forward to your call, and can come to see you in Washington, D.C. or you can come here to Lansing, Michigan where I moved in early July.

Sincerely,

Mark L. Nelson
